

# **Runtime randomization and perturbation for virtual machines.**

JAVIER CABRERA ARTEAGA

Licentiate Thesis in [Research Subject - as it is in your ISP]  
School of Information and Communication Technology  
KTH Royal Institute of Technology  
Stockholm, Sweden [2022]

TRITA-ICT XXXX:XX  
ISBN XXX-XX-XXXX-XXX-X

KTH School of Information and  
Communication Technology  
SE-164 40 Kista  
SWEDEN

Akademisk avhandling som med tillstånd av Kungl Tekniska högskolan framlägges till offentlig granskning för avläggande av licentiatexamen i [ämne/subject] [veckodag/weekday] den [dag/day] [månad/month] [år/2022] klockan [tid/time] i [sal/hall], Electrum, Kungl Tekniska högskolan, Kistagången 16, Kista.

# Contents

<b>Contents</b>	<b>vi</b>
<b>1 Introduction</b>	<b>1</b>
1.1 Research questions . . . . .	1
1.2 Contributions . . . . .	2
1.3 Publications . . . . .	2
<b>2 Background &amp; State of the art</b>	<b>5</b>
2.1 WebAssembly overview . . . . .	5
2.2 Software Diversification . . . . .	10
2.3 Statement of Novelty . . . . .	15
<b>3 Technical contributions</b>	<b>19</b>
3.1 Artificial Software Diversity for WebAssembly . . . . .	19
3.2 CROW: Code Randomization Of WebAssembly . . . . .	21
3.3 MEWE: Multi-variant Execution for WEbAssembly . . . . .	26
<b>4 Methodology</b>	<b>31</b>
4.1 $RQ_1$ . To what extent can we artifically generate program variants for WebAssembly? . . . . .	33
4.2 $RQ_2$ . To what extent are the generated variants dynamically different? . . . . .	36
4.3 $RQ_3$ . To what extent do the artificial variants exhibit different execution times on Edge-Cloud platforms? . . . . .	38
<b>5 Results</b>	<b>41</b>
5.1 $RQ_1$ . To what extent can we artifically generate program variants for WebAssembly? . . . . .	41
5.2 $RQ_2$ . To what extent are the generated variants dynamically different? . . . . .	44
5.3 $RQ_3$ . To what extent do the artificial variants exhibit different execution times on Edge-Cloud platforms? . . . . .	47
<b>6 Conclusion and Future Work</b>	<b>51</b>
6.1 Summary of the results . . . . .	51

*CONTENTS* vii

6.2 Future work . . . . . 51  
6.2.1 wasm-mutate future work . . . . . 51

**Bibliography** **53**

**Index** **61**
